Product ID: TCAEROSOLDISP - Neutralle Automatic Odour Control & Air Care System (Formerly Pulse II)

The NEUTRALLE Aerosol air freshening system (formerly known as the Pulse II system) uses smart chip technology to provide reliable, customised dispensing of odour control fragrance for up to 7 days a week. Use 243mlx or 75mls refills.

- * Programming helps to establish a controlled maintenance programme to suit individual premise requirements.
- * Light sensor technology enables the system to operate 24 hours a day or when the room is light or dark.
- LED
- * Each aerosol refill reliably delivers 3,000 metered sprays.
- * Fragrance contains Microtrans, a proprietary odour neutralising agent that ELIMINATES odours rather than masking them.
- * Transforms and eliminates unavoidable odours, releases fresh fragrance and creates a clean, fresh environment.

System Features

- * Dispensers available in white.
- * Size: 215mm (h) x 88mm (w) x 74mm (d).
- * Continuous refill and battery life indicators.
- * Choice of 24 hours a day or when the room is light or dark.
- * Sprays every 5, 10, 15, 20 or 25 minutes.
- * Safe formulations that are 100% compliant with EC legislation.
- * 10 year guarantee on dispenser.
- * Operates with 2 d-cell alkaline batteries that last for up to 3 years.
- * One system covers an area of 6,000 cu ft (168 cu ft).

CE approved.

- * Material Safety Data sheets available.
